Dear Sir,

I would like to register my objection to the above planning application for the proposed urban extension in West Durrington.

This development would be an environmental disaster, destroying a precious amenity and green lung for the borough.

The area of ancient woodland would be ruined as a habitat for protected species such as dormice and crested newts, as its integrity would be destroyed by the access roads cutting through it.

The flood risk, both on the site and further downstream along the River Rife, also makes it an unsuitable site for development.

Surrounding roads, particularly Titmore Lane, are also not suitable to cope with the huge increase in traffic that would be generated by the estate.

In view of the massive weight of public opinion against the scheme I urge the council to reject it and, if necessary, refer it to the Secretary of State for a full public inquiry.

I would like to be sent acknowledgement that you have received my objection.

Yours sincerely,

(signed)
